P-162, Madina Block, Sehgal City Summundri Road, Faisalabad

PROFILE

I am a dedicated and multi-skilled professional with a degree in Civil Technology from the University of Lahore (UOL), and over 6 years of hands-on experience in both technical and administrative roles. My expertise spans AutoCAD, graphic design, MS Office, frontend web development (NAVTTTC Certified), and DAE Civil Technology instruction.

I am currently working as a Dispatcher at HAMCO Logistics, Faisalabad, managing daily dispatch operations in the US freight transportation market. Previously I served as a Dispatcher at Haul 48 Logistics, handling loads for box truck drivers — sourcing freight, negotiating rates with brokers, planning driver schedules and maintaining dispatch documentation — and as a Sales Executive at Brothers Logistics LLC, developing new business in the US trucking industry.

Earlier I worked as a Hostel Warden at NASHEMAN (Social Welfare & Bait-ul-Maal Department Punjab) — a government contract-based position I held from March 2018 to June 2024. In addition to managing hostel operations and ensuring student welfare, I voluntarily served as a Graphic Designer and Coordinator to a Computer Instructor, taking initiative beyond my official duties to support educational and IT functions.

I have also taught DAE Civil Technology classes for over 5 years, delivering technical education and mentoring students in both theory and practical work. My background includes proficiency in AutoCAD drafting, front-end development (HTML, CSS, JS), and visual design, allowing me to adapt across multiple roles — from engineering and education to logistics, digital design and administration.

WORK EXPERIENCE

Organization: Punjab Institute of Engineering and Technology

Duration: 1 yr 3 mos 25 days (Sep 3, 2012 – Dec 28, 2013)

Position: Civil Instructor

Key Responsibilities:

- Taught core civil engineering subjects including Engineering Materials & Constructions, Basic Engineering Drawing, Public Health Technology, Civil Engineering Drawing & AutoCAD, Soil Mechanics & Bridge Engineering, and Project Management.
- Maintained accurate teaching records, student assessments, and academic performance reports.
- Assisted in curriculum implementation and ensured timely completion of course outlines.
- Collaborated with departmental faculty for academic improvement and practical training sessions.
- Encouraged teamwork among students through group assignments and project-based learning.

Organization: Ravi Institute of Engineering and Technology

Duration: 1 yr 1 mo 1 day (Jan 27, 2014 – Feb 28, 2015)

Position: Civil Instructor

Key Responsibilities:

- Delivered lectures on Basic Surveying, Engineering Materials & Constructions, Computer Applications, Civil Engineering Drawing & AutoCAD, Building Construction, and Environment, Health & Safety.
- Prepared and maintained comprehensive course files, attendance records, and evaluation sheets.
- Promoted teamwork and discipline among students through collaborative learning methods.
- Provided technical guidance and assistance in laboratory and field surveying practices.
- Supported administrative staff in planning examinations and managing academic schedules.

Organization: Punjab Institute of Engineering and Technology

Duration: 2 yrs 8 mos 7 days (Apr 3, 2015 – Dec 10, 2017)

Position: HOD Civil Department

Morning Shift – Subjects Taught:

Basic Engineering Drawing, Basic Surveying, Advanced Surveying, Civil Engineering Drawing & AutoCAD, Project Management.

Evening Shift – Short Courses:

- AutoCAD (4 Months)
- Surveying & Drawing (4 Months)
- Graphic Designing (3 Months)

Key Achievements & Duties:

- Supervised and managed the entire Civil Engineering Department, ensuring smooth academic operations.
- Developed and monitored teaching plans, course coverage, and performance evaluation systems.
- Led a team of instructors, fostering collaboration and mentorship to maintain educational standards.
- Coordinated departmental meetings, curriculum reviews, and student training workshops.
- Maintained departmental records, course documentation, and student progress archives.

Organization: NASHEMAN (Social Welfare & BM Department)

Duration: 6 yrs 3 mos 12 days (Mar 18, 2018 – Jun 30, 2024)

Position: Hostel Warden BS-11 (On Contract)

Additional Role: Graphic Designer & Coordinator to Computer Instructor (Voluntary Basis)

Key Responsibilities:

- Oversaw hostel operations, ensuring proper management, discipline, and resident welfare.
- Handled admissions, documentation, and recruitment of course instructors.
- Maintained complete academic and hostel record systems, ensuring data accuracy and security.
- Designed institutional graphics and assisted in training students in Professional Graphic Designing.
- Coordinated computer and design instructors to align teaching outcomes with industry needs.
- Encouraged teamwork and coordination among staff for smooth hostel and academic operations.
- Promoted a professional learning environment through guidance, motivation, and collaboration.
- Mess record management (Debit and credit of mess items).

Organization: The Creative College, Khurainwala (Faisalabad)

Duration: 6 months (Oct 2024 – Mar 2025)

Position: Computer Instructor

Key Responsibilities:

- Taught Computer Software & Applications to Inter Tech (FBISE) students.
- Delivered lectures on practical and theoretical aspects of computer applications.
- Prepared students for board examinations through structured lessons and hands-on training.
- Assisted students in developing basic IT and software usage skills.

Additional Responsibility:

Role: Invigilator – Practical Exams, Inter Tech 2025

Board: Federal Board of Intermediate and Secondary Education (FBISE)

- Selected by FBISE as an invigilator for practical examinations.
- Ensured fair conduct and proper supervision of exam procedures.
- Maintained discipline and compliance with board rules during examinations.

Organization: Umer Hasan Impex

Duration: 6 Months

Position: Accountant (POS Operator)

Experience Summary:

Worked as an Accountant using Digital Soft 2-User POS Software, handling daily financial transactions, billing operations, and ledger management. Managed both computerized and manual accounting tasks, ensuring accurate financial records and smooth daily operations.

Key Responsibilities:

- Performed billing and invoicing using Digital Soft POS software.
- Recorded daily cash receipts and payments with proper documentation.
- Maintained sales and purchase records in the accounting system.
- Created and managed new items and customer/supplier accounts.
- Issued and recorded cheques and maintained cheque registers.
- Maintained ledgers and monitored account balances.
- Conducted party account reconciliation and balance confirmations.
- Handled manual billing and maintained physical accounting records.
- Ensured proper record maintenance and accuracy of financial data.
- Assisted in routine accounting tasks and supported daily financial operations.

Organization: Brothers Logistics LLC

Duration: 6 months (September 2025 – February 2026)

Position: Sales Executive

Key Responsibilities:

- Identified and developed new business opportunities in the US trucking and freight transportation industry.
- Contacted potential customers and shippers to promote freight transportation services.
- Built and maintained professional relationships with clients to generate new sales opportunities.
- Coordinated with dispatch and operations teams regarding available equipment and transportation requirements.
- Assisted in finding suitable freight opportunities for company trucks.
- Followed up with potential customers and maintained sales activity records.
- Supported customer acquisition and business development efforts.

Organization: Haul 48 Logistics
Duration: 5 months 25 days (April 1, 2026 – September 26, 2026)
Position: Dispatcher

Key Responsibilities:

- Managed daily dispatching operations for two box truck drivers in the US freight transportation market.
- Searched for suitable freight loads through load boards and other available sources.
- Coordinated with brokers and shippers to identify suitable and profitable load opportunities.
- Negotiated freight rates and assisted in securing loads according to truck availability and driver preferences.
- Planned driver schedules, pickup appointments, delivery requirements, and route coordination.
- Maintained regular communication with drivers to monitor load progress and delivery status.
- Handled dispatch documentation, including rate confirmations, pickup details, and delivery information.
- Supported sales executives by finding suitable loads and freight opportunities for their customers.
- Coordinated with the sales team to match available freight with suitable equipment and transportation requirements.
- Maintained professional relationships with brokers, shippers, and logistics partners.

Organization: HAMCO Logistics, Faisalabad
Duration: September 26, 2026 – Present
Position: Dispatcher

Key Responsibilities:

- Manage day-to-day dispatch operations for company drivers in the US freight transportation market.
- Source freight through load boards and direct contact with brokers and shippers.
- Negotiate rates and book loads that match truck availability and driver preferences.
- Plan pickup and delivery appointments, driver schedules, and routes.
- Track loads in transit and keep drivers, brokers, and customers updated on delivery status.
- Maintain dispatch paperwork, including rate confirmations, pickup details, and delivery records.
